

Performance Feeder for Grow-Finish Pigs

Wise Feed Management

Individual feed intake.

Automatic feed data collection via RFID tag.

Time-stamp on entry and exit.

Versatility

Can accommodate barrows, boars or gilts.

Adjustable to animal size.

Collects data from nursery through finish stage.

Gestalt feed curves and feed blending allows for customizable precision feeding with a pen of pigs.

Durable Design

Side-by-side stations mimic normal grow-finish pig feeding environment.

Cost-efficient to allow users to increase statistical power by using pig as the experimental unit.

Low Maintenance

Only calibrate one unit per diet.

Paired with proven Gestalt 3G program.

GESTAL, always one step ahead!
